MEDICAL CERTIFICATE OF FITNESS

RE: ADELUGBA ADEJARE OLUWAGBEMILEKE/MALE/21YEARS

This is to certify that I have clinically examined the above named and he was found to be physically and mentally healthy. He is not known to be a carrier of any contagious diseases dangerous to the public health.

The investigation results are as follows:

PCV -	38%
VDRL -	Negative
HIV I & II -	Negative
HCV -	Negative
HbSAg -	Negative
E.C.G -	Normal
Genotype: -	AS
Blood Group: -	O+
Blood Pressure: -	120/100mmHg
Height: -	190cm
Weight: -	70kg
Sputum Test -	Normal
Asthma -	Non Asthmatic
Stool -	No Ova, Cyst or Parasite Seen
Urine -	No Abnormality Detected
Cerebrospinal Meningitis -	Vaccination taken
Chest X-ray -	Normal Cardiac Size and Pulmonary Vascular Markings

He is not a carrier of any contagious disease, dangerous to public health, and show evidence of successful vaccination.
